

Boats Ships and Subs

Ron is a retired US Navy Senior Chief and has spent his entire adult life around ships and the ocean. His 22 year navy career included assignments on both submarines and surface ships. In the years since navy retirement Ron has worked at a major US shipyard on the Mississippi Gulf Coast, and in Washington, D.C., for US Navy and US Coast Guard program offices. He has traveled extensively for work and pleasure and carries a camera where ever he goes. This is Ron's collection of photos of boats, ships, and submarines.
