

Sea Dreams

The first power boat owned by Ron Charest. "Sea Dreams" was a 1974 Regal "Countess 180" runabout, purchased very used in April 2001, Long Beach, Mississippi. By the time Ron got her the boat had been re-powered with a 1986 Yamaha 90hp 2-stroke outboard and had various other changes of varying quality workmanship. Ron had wanted his own boat for many years, and this was his dream.

She ran in the local bayous and the Mississippi sound until September 2006 when Ron and Weifang moved, along with Sea Dreams, to northern Virginia. She then ran in the Potomac river and in 2008 was completely refurbished with a new deck (including new stringers and buoyancy foam) upholstery, electrical wiring, and interior wood trim. In April 2010 Ron sold Sea Dreams to an older man who had wanted a boat his entire life. Sea Dreams became someone else's dream boat, and when last heard from Sea Dreams was motoring around in the lakes of central Pennsylvania.

Here is a copy of [Craig's List ad](#) I placed to sell Sea Dreams. I consider it a classic ad, but that's just me...
